CLINTON FEMALE INSTITUTE.

IIS INSTITUTION will commence its first session on I Monday, the 24th of January next, under the patronage of the Trustees, and LUK C. GRAVES, A. M., of Warrenton, N. C., as Principal of the Institute. The Trustees flatter themselves that, in the selection of Mr. Graves as Principal, they have accomplished more than s commonly done in the infancy of such institutions, viz: They have selected a gentleman in whom are united skill and ability undoubted, with an experience of fifteen years in teaching. For the last four years Mr. Graves has been engaged in the Female Seminary of Graves and Wilcox, at Warrenton, and has taught with the most complete success. The Trustees feel assured that their choice will be most

nighly appreciated by the former patrons and pupils of the Mr. Graves is now communicating with many accomplished Females in different parts of the country, from whom a timely selection of suitable assistants will be made to aid him in conducting the various branches of learning in the Institution; which, together with Mr and Mrs. Graves, will enable us to present to the public a Faculty of Teachers in the beginning which is not to be surpassed by any Institution of the kind in the Southern States. I have used the Mexican Mustang Liniment for some time in my

The town of Clinton, situated as it is only 14 miles from Warsaw, and 35 miles from Fayetteville, with a daily line of four horse stages running through the town from Fayetteville to Warsaw, render it very accessible. The situation is equally remote from the very flat lands of the Atlantic coast and the mountainous regions of upper North Carolina, with a fine surrounding country, and a most salubrious climate, which together render it one of the most

healthy, villages in the State. The water in the village is generally very fine, and that at the Institution most excellent. The building itself has been most highly complimented by all who have visited our village and one very learned gentleman, (Rev. Thos. Owen,) said, "It is not only a credit to your county, but a credit to the State." It unites beauty procure a bottle of this Liniment. J. Tillson, 21 Milk st.

The Liniment is put up in bottles of 3 sizes, and sells for time so constructed as to furnish one of the finest school rooms in the land; which is well warmed by four fire places,

with every other convenience, both for teacher and pupil. Above stairs are the finest dormitories to be found in any institution, male or female. in this country. They are well ventilated, and a fine fire place in each The Institute is not within the sound of the village attractions, nor is it so remote as to be inconvenient—being situated in a beautiful grove, on a lot of 6 acres of land, and within the corporate limits of the town.

In short, the Trustees and Stockholders have erected it for the education of their own daughters, as well as others; and they intend to spare no labor nor expense necessary to make it one of the best institutions in the whole country .-And they intend to carry out fully their original design, which was to make all preparations, facilities and conveniencies for a most complete and thorough female education. At least 60 boarders can be accommodated in the Institu-tion, and good board may be had on reasonable terms in private families in the village, for all who prefer. The terms of board in the Institution are not fully ascertained, but we have determined that board shall not exceed \$9 per month, including washing and lights.
